

Tallahassee Big Dog Rescue

November 2013

November is Adopt a Senior Pet Month!

Mystery is our "Senior" that would love a family to share her last years with. She was adopted out as our puppy 8.5 years ago and is back in the program looking again for that forever home. She is a Greyhound mix around 65 lbs (tall and slender). She is great with people and don't let the 9 years fool you she has a heart of a 4 year old. She was an indoor dog her whole life and she likes to run around the yard to play. She does NOT try to get out of the yard. Mystery's only problem is her first mom did not socialize her around other animals so she would prefer to be an only pet. She has learned to get along with her foster family, but it has taken a lot of training and she is still working on it. If you know any one that wants an active older dog please consider her. She loves to go on walks and has no problem walking miles. I would imagine she could run them as well; I just can't. Her adoption fee is reduced to \$100.

ADOPTATHON!
